

Dear everyone,

RE: The Guardian SDB's 1000 Safe Deposit Box Fundraising Programme for Chung Hua High School Seremban

Chung Hua High School Seremban was founded in 1913 and has gone through 107 years of dedication to Malaysian education. All the school's premises, amenities, infrastructures and facilities available throughout the school today are the kind contributions from the school founders, past and present board of directors, parents, students' alumni and all generous sponsors from the public. We would like to express our utmost gratitude and heartfelt appreciation to all of you for the continual supports and contributions extended to the school all this while.

2. The school's annual Fundraising Carnival 2020 has been called off this year amid the sudden widespread of the Covid-19 pandemic causing sharp reduction of the much anticipated public funding. The Covid-19 pandemic has caused massive destruction to the world economy, people from all walks of life are badly affected. As part of our effort to help ease the financial burden faced by the parents, the school has stopped collecting school fees and hostel fees from the students. The ongoing pandemic is not only causing reduction in our income collection but also causing unprecedented huge spending on internet facilities and devices for conducting online classes to keep our students' learning going. Adding to the adversities, the much needed government funding is also missing in the recent 2021 budget.

3. The Guardian SDB Sdn Bhd is in the business of providing safe deposit box renting services in Seremban. In response to the adverse situations faced by the school, the company has worked out this "The Guardian SDB 1000 Safe Deposit Box Fundraising programme" as part of its Corporate Social Responsibilities (CSR) drive to shelter the school during this critical period. The total collection from this 1000 safe deposit boxes will go directly into the school's account.
